Steaming lava fields and hot pools reflect its volcanic nature, while massive glaciers continue to sculpt the mountains and valleys, leaving thundering waterfalls and plunging fjords. The Icelandic people combine a reverence for their Viking heritage and ancient language with an industrialized, progressive society. Discover the spectacular landscapes and proud people of this small island nation during this fascinating journey.

Day 2: Monday, August 09, 2010

Reykjavik, Iceland

Your tour begins in Reykjavik, where you embark on a fascinating city tour that highlights such important sites as the 19th-century Parliament House, Austurvollur Square, the Hofoi House, and Tjornin Lake. Visit the National Museum of Iceland where new and dynamic exhibitions increase your knowledge of Icelandic cultural heritage, from the nation's earliest settlement through to the modern day. Gather this evening for a welcome reception and dinner. *Today dinner will be included.*

Day 3: Tuesday, August 10, 2010

Reykjavik - Reykjanes Peninsula - Reykjavik

During a full-day excursion, explore the scenic landscape of the Reykjanes Peninsula, stopping at Bessastadir, an ancient Viking site that is now the official residence of the current president. Continue

to Lake Kleifarvatn to see an amazing display of geothermal activity, including steaming fumaroles, hot springs and mud pots. Conclude your day at the famous Blue Lagoon, a natural geothermal pool in the middle of a large, dramatic lava field. Enjoy time to relax and/or take a swim in this pleasantly warm, mineral-rich water. *Today breakfast will be included.*

Day 4: Wednesday, August 11, 2010

Reykjavik - Golden Circle - Vik**

Travel to the "Golden Circle" which encompasses many of Iceland's most renowned natural scenic wonders. Thingvellir National Park is Iceland's most historic site and one of its most beautiful places. The oldest existing parliament in the world first met here in AD 930. The park also features the geologically significant Mid-Atlantic Ridge, where the American and European tectonic plates meet. Continue to the amazing hot springs of Geysir, then marvel at one of the island's greatest natural wonders, the two-tiered Gullfoss Waterfall. Continue south to the town of Vik, a small town set along Iceland's dramatic southern coast, where black sand beaches, crashing waves, and towering figures of black rock form an unforgettable sight. *Today breakfast and dinner will be included.*

Day 5: Thursday, August 12, 2010

Vik - Skaftafell National Park - Vik

Begin the day at Skaftafell National Park, a beautiful green oasis located near the highest peak in Iceland. Later, an unforgettable boat trip* amid graceful, floating icebergs serves

as an introduction to Iceland's dramatic glaciers and is the perfect opportunity to see many species of birds. *Today breakfast and dinner will be included.*

Day 6: Friday, August 13, 2010

Vik - Reykjavik

On your trip back to Reykjavik, travel across fertile pastures, sand flats and glacial rivers en route to Skogar, a small settlement located next to a magnificent waterfall. Visit Skogar's Folk Museum, which houses an interesting collection of Icelandic artifacts. Next, stop at a traditional Icelandic horse farm. Learn how Iceland's horses are directly descended from those brought by the Vikings and how Iceland is preserving this heritage. *Today breakfast will be included.*

Day 7: Saturday, August 14, 2010

Reykjavik

Today is at leisure to explore the capital city of Iceland with its many art galleries and museums. You may choose to join an optional whale watching or "Super Jeep" glacier excursion. Day 8: Sunday, August 15, 2010

Reykjavik - Tour Concludes

Your tour ends, leaving you with many pleasant memories of a wonderful vacation. *Today breakfast will be included.*

In Iceland

Your Icelandic adventure is complemented by intriguing talks that explore the natural history of this geologically “young” nation.

- Learn how Iceland hopes to become energy independent through its hydro and geothermal power plants from expert Maria Maack. Discover why this is an achievable goal that makes Iceland the envy of energy-import dependent countries.
- Acquaint yourself with the geologic energies at work in Iceland during a lecture by a geologist who explains the geothermal hotspots, volcanic rocks and glaciers that you observe throughout your journey.
