SenDEC Corp., an electronics company in Perinton, ranks No. 1 in this year's Top 100.

Tough economic times make the achievements of the Rochester Top 100 companies all the more worthy of recognition.

[This year's ranking](#), the 24th, includes companies ranging in size from Wegmans, with almost 40,000 employees company wide, to a handful of businesses with fewer than 10 workers.

Big or small, all have posted growing revenues over the past three years.

The Top 100, a program of the [Rochester Business Alliance](#) and accounting firm [KPMG LLP](#), is open to privately held companies in the nine-county Rochester region.

All 100 companies will be feted at a luncheon at the Riverside Convention Center on Wednesday, Nov. 3.

The brightest spotlight at that event will shine on [SenDEC Corp.](#), an electronics company in Perinton that ranks No. 1 in this year's Top 100.

For a full report on the Top 100, see Sunday's special BusinessLife section of the Democrat and Chronicle.
