14. Group size

This information is required for community rated and experience-rated groups to verify that the group meets the participation requirements of the New York State Insurance Department and our health plan. If you are a community rated group, questions 14 (a-e) pertain to the NYSID requirement to verify small group eligibility by reviewing the total number of eligible employees within each group. Eligible employees are individuals who are eligible to enroll in your health plan(s) through all carriers.

a) Total full-time and part-time number of employees at all locations

- *Enter the total number of all employees actively working at the employer group. This number should include full-time, part-time and seasonal employees working at all locations of the company. The owners and partners should be included. This is all active employees not just the employees eligible for coverage through your health plan.*

b) Total eligible full-time and part-time employees

- *This includes only those full-time and part-time individuals who are eligible to enroll in your health plan through any of your locations. Do not list total employees, only those eligible for coverage.*
- *Include all individuals eligible for health insurance, including all owners and partners.*
- *Do not include full-time and part-time employees who have not met your new hire waiting period for eligibility for health insurance.*
- *Do not include seasonal employees if they are not eligible to enroll in your health plan, and/or have not worked at least three months.*
- *Do not include union employees if coverage is offered directly through their union.*

c) Eligible retirees

- *Include those retirees who are eligible to enroll in the same plan as the actives.*
- *Include those retirees eligible for Medicare Advantage or a retiree health plan specifically designed for Medicare eligible.*
- *If your group does not offer health insurance to retirees, please enter zero.*
- *Do not include spouses enrolled under their own name, e.g., surviving spouses.*

d) Individuals enrolled in your health plan due to COBRA/New York state continuation coverage

- *Include any individuals who have experienced a qualifying event and have elected to temporarily continue their health plan coverage and pay the premiums themselves. They may be entitled to continue their coverage due to COBRA or New York state law.*
- *Do not include spouses or children enrolled under their own names, e.g., divorced spouses, dependents enrolled in their own policy, such as a "young adult" option.*

e) Total eligible employees calculation

- *Add together lines b + c + d*
- *Total eligible employees should not be 0. If you believe 0 is correct, please contact your account consultant for assistance.*

f) Employees working at other locations not eligible for our plan

- *Include only those employees working at other locations not eligible for insurance for our health plan.*

g) Eligible employees declining coverage due to a valid waiver

- *Spousal coverage through a commercial carrier or Tri-Care*
- *Coverage with a parent through a commercial carrier*
- *Retiree coverage through a former employer through a commercial carrier*
- *Coverage with Family Health Plus*
- *Coverage with Medicare*
- *Coverage with Medicaid*
- *Coverage with Healthy NY*
- *Coverage with the Veterans Administration*

h) Medicare-eligible retirees offered Medicare Advantage or another retiree health plan group product.

- *Include only those retirees offered Medicare Advantage or a retiree health plan specifically designed for Medicare-eligible.*
- *Do not include retirees eligible for the plan the group offers to their active population.*

i) Net eligible employees for our health plan

- *Subtract lines f-h from line e; these are the eligible employees that will be used in the participation calculation.*

j) Eligible employees enrolling in our health plan

- *Include only those eligible employees enrolled in our health plan. Do not include employees who are enrolled in other health plans.*
- *Do not include retirees enrolled in a Medicare Advantage or Retiree Health Plan group product*

k) Group participation percentage

- *Divide line j by line i to calculate participation percentage.*

15. Group Size for federal Mental Health Parity and federal medical loss ratio reporting.

Question 15 pertains to the federal government's requirement to identify the average number of total employees within each group for the purposes of mental health and substance abuse benefit determination and for medical loss ratio reporting.

Who qualifies as an employee?

- *All individuals that you employ, regardless of whether they are eligible for your health plan.*
- *Include full-time and part-time employees who have not met your new hire waiting period for eligibility for health insurance.*
- *Include part-time and seasonal employees, even if they are not eligible to enroll in your health plan, and/or have not worked at least three months.*
- *Include union employees who are offered coverage directly through their union.*

How do I calculate the average number of total employees?

- *This is an average number of employees that you have employed on business days during the prior calendar year, not the number of employees you employ today. This includes each full-time, part-time and seasonal employee.*
- *For employers who were not in existence throughout the prior calendar year, please use the number of employees you expect to employ on business days during the current calendar year.*

16. Vermont residents working at employer locations in Vermont

- *Include only employees who live and work in Vermont, including those who live in Vermont and telecommute from their residence.*
- *Do not include residents of other states working or telecommuting from their home in Vermont.*

17. Other out-of-state residents working at out-of-state employer locations other than Vermont.

- *Include only employees who live and work out of state, including those who live out of state and telecommute from their residence.*
- *Do not include residents of Vermont working or telecommuting from their home in Vermont.*
- *Do not include out-of-state residents who work at employer locations in New York.*
