TRANSPORTATION COUNCIL MEMBERSHIP APPLICATION

With a history rich in tradition and leadership, the Transportation Council strives to meet the needs of transportation professionals. The Council offers a variety of educational seminars and social functions, which provide opportunities for our members to exchange information. Members of the transportation industry are encouraged to work through Transportation Council members, where they will receive fair value for their transportation dollars. We trust our membership to adhere to the highest standards of business ethics in their professional and community activities.

Council members determine the educational programs that are offered each year. Every effort is made to respond to current market situations and address the most urgent needs of our members.

Several social functions are also sponsored each year, including the Rochester Transportation Council's Annual Dinner, Annual Clambake, and summer and fall golf outings. These events offer our members outstanding opportunities to expand their industry contacts and to develop additional business opportunities from within the membership of the council.

Additionally, the Council publishes a Membership Roster and a Transportation Services Directory, both of which help to promote the services of our members and their firms. Members are encouraged to work through other Council members when they need transportation services and support because, from our members, they can be assured of receiving full value for their dollars.

We encourage transportation professionals to make business associates aware of the Rochester Transportation Council, its activities and its benefits. To apply for membership, please complete the form below and return it to the Council.
